WINE OF THE MONTH RENWOOD

'12 "California"
Zinfandel

Renwoods' entry-level Zinfandel is a cut above other wineries entry offering as this wine has impressive layers of fruit rarely found at this price point. This wine reminds us of old time Zinfandel where the fruit is prominent and the wine very honest with great drinkability. This wine is not serious or complicated, and with none of the heavy influence of oak or overzealous cellaring, it is a great sipping wine. Situated in the picturesque Amador County of northern California, Renwood winery is surrounded by the rolling hills and rushing streams of California's gold country. Renwood was established in 1993 and is one of the most respected wine producers in the Sierra foothills, specializing in Zinfandel. ♥ 11⁹⁵
